

# auto sunblinds

made to measure

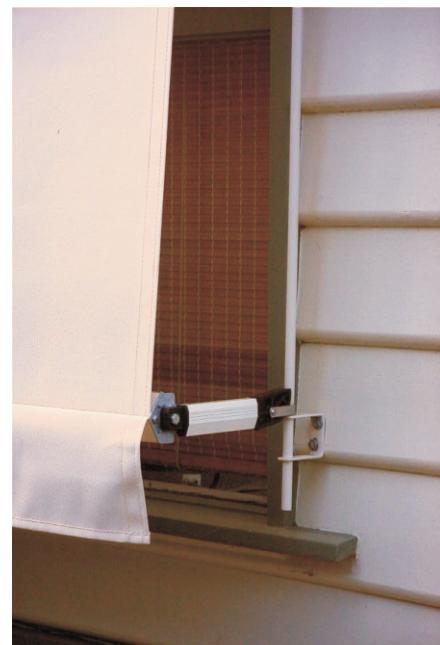

Traditional pull-down basic sunblind is the most economical awning system used for window shading.

Available in a great range of plain or patterned Traditional Canvas, Acrylic Canvas or Shade Mesh fabric.

The Top Roller is spring loaded and allows for blind to lock in to any position.

Spring arms are available in 150mm, 300mm and 450mm long which makes it suitable for any window that opens out. Special aluminium arms available in combination with powder coated rail guides.

The bottom valance is available in square - straight finish or in traditional scallops.
