# TC Series

Rapid adjustment  
Universal uses

## Enjoy a cool and stylish space...

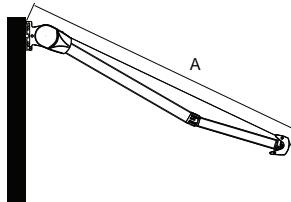

The Harol TC Series awning features a compact design, rapid adjustment and universal uses. You can easily adjust the angle to determine how much shade you want.

## Made-to-measure fabrics

Each awning has a high-quality acrylic fabric with special treatment that leaves it mould and dirt resistant. This keeps the fabric looking clean and bright for many years. With an exceptionally wide choice of colours and designs (blocks, fancy stripes...), it will add the finishing touch to your home.

## Features TC Series:

A (mm)
1500
2000
2500
3000
3500

## Seamless integration with your home

The aluminium covers on the extension pole also guarantee a perfect finish. The TC Series has a small, low extension pole with a valance. The TC130 is fitted with a high extension pole with no valance as standard.

## Wide range of colours and styles....

Max. width	Max. drop	Min. drop
5.5 m	3 m	1.5 m

- $10^\circ \leq \text{angle} \leq 90^\circ$
- A=drop
