

SIENA® ADVANTAGE

The Italian-inspired Siena® Folding Arm Awning (FAA) collection boasts a heritage of over 20 years and is designed to excel in the demanding Australian climate. Featuring standard front rail gutters across most models, the Siena® FAA range offers a premium aesthetic and exceptional performance.

UNIQUE 8-LINK STAINLESS STEEL CHAIN
Thicker and stronger for superior arm strength

HEAVY-DUTY INTERNAL SPRINGS
Positive arm and fabric tension for taut fabric skin

OPTIMAL PITCH ADJUSTMENT
Ensure perfect awning placement

SUN & UV PROTECTION

GLARE BLOCKING

HEAVY WEIGHT

ADAPTABLE SHADE

AUTOMATE YOUR LIVING SPACE

Paired with the latest technology – whether a remote control hand set, your own mobile phone or voice activation via wireless hub technology, motorisation is the ultimate upgrade to your Siena® Folding Arm Awning.

Works with IFTTT · LinxMotion · Connector+ · CRESTRON · Control4 · RTI · ELAN · WORKS WITH Siri · works with the Google Assistant · WORKS WITH alexa

DIMENSIONS

INSTALL OPTIONS

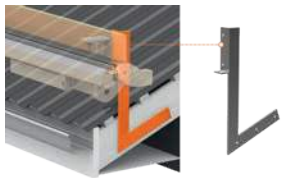

FASCIA FIT

Ties awning to the roof rafters for strength and stability.

FASCIA BRACKET AVAILABLE

» 10°, 22° and 30° options

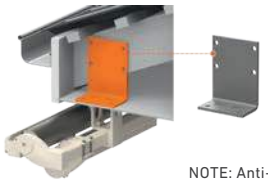

ROOF MOUNT

Lifts awning above the roof to increase installation height and allow for extra fall. Will require timber beam

ROOF BRACKET AVAILABLE

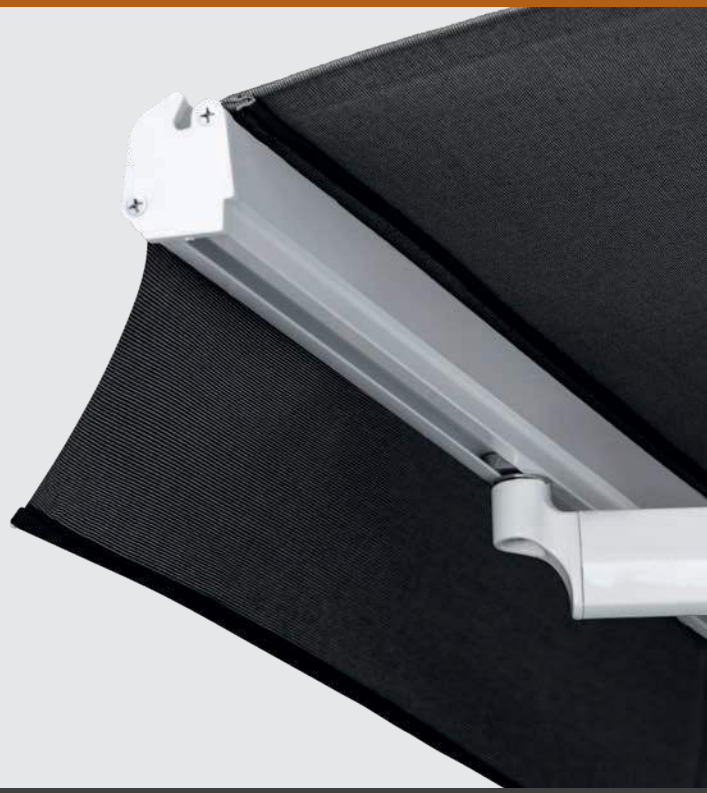

» 22° ONLY

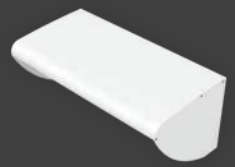

EAVE/TOP FIT

Allows awning to be mounted under the eave when height isn't an issue.

NOTE: Anti-corrosive Geomet® coating used on all brackets

⊕ UPGRADE OPTIONS

EXTRUDED PELMET

Heavy-duty aluminium extruded pelmet. All weather protection that is robust and looks great.

Slide on fascia backing available to transform face fit pelmet to a fascia fit pelmet.
